The 2023 Faith and Belief study is a national study of faith and spirituality in Aotearoa New Zealand. It explores the life of the church across the country, offering insights for congregations and denominations into demographics, church life, faith, community, and leadership. LAUDATO SI' REFLECTION

In 2023, Earth Overshoot Day fell on August 2. Earth Overshoot Day marks the date when humanity has exhausted nature's budget for the year. This means we are robbing the future to pay for our life-styles for the rest of this year. From today's Alleluia: May the Father of Our Lord Jesus Christ enlighten the eyes of our hearts, so that we may know what is the hope that belongs to our call.
